

SERVICES

*Where everyone leaves
with a smile!*

Prevention is key to maintaining a healthy mouth. Getting on a routine of visiting us **every six months** will help us help you!

We are a **kid-friendly**, family oriented practice. We know that smiles mean more than just happy kids. To help prevent cavities we offer **fluoride treatments and dental sealants**. We look forward to helping you and your children with all your dental needs!

Dental implants are the perfect way to replace lost teeth or secure loose fitting dentures.

By using 3D imaging, we can locate the ideal position to place your dental implant.

Contact Us

If you're interested in finding a permanent dental home, don't hesitate to call us! We treat the whole family!

We **ACCEPT ALL INSURANCES** and are in network with over 200 plans.

“Fantastic dentist! Everyone there is so nice and friendly. Felt very comfortable during my visits while making me teeth look and feel better! So happy to have found this place!”

- Nick (CCFD Patient)

Breathe Better *Sleep Better*

Many Americans snore and suffer from sleep apnea. Their partners usually suffer too! More than just an annoyance, snoring and sleep apnea can actually pose a serious threat to one's health. High blood pressure, arrhythmias, heart attack, and stroke are just a few of the problems caused or made worse by sleep apnea and snoring.

“Entire staff is awesome!! Hadn't had a dentist that was "our dentist" and after the first time meeting everyone and having a cleaning I knew this was the place. My wife goes here now and we both are extremely happy, with the service, price and overall atmosphere...”

- Simon (CCFD Patient)

Clear Correct *Straight Teeth without Braces*

It is possible to have straight teeth in as little as nine months! The clear, custom-made aligners are replaced every two weeks and no metal wires means less time in the chair getting adjustments. It's INVISIBLE! The aligners are easily removed for eating, drinking, brushing, and flossing throughout treatment!

“I absolutely adore Dr. Jill and all the staff. For the first time I don't dread going to the dentist. Dr. Jill is very gentle, sweet and caring.”

- Donna (CCFD Patient)

Trusted Dentist *Personalized and Compassionate*

Dr. Jillian Woodruff has been practicing dentistry for 10 years. She received her undergraduate degree from the University of Kentucky and her Dental Degree from the University of Louisville School of Dentistry.

She has had additional training in oral surgery (implant placement), Invisalign, Crowns, Botox, and sleep therapy. She worked many years helping the underserved communities in Georgia, specifically pediatrics.

“I love the opportunity to do what I love everyday! I get to help people smile!”

- Dr. Jillian Woodruff
